**OPPONENT TESTIMONY REGARDING ANDERSON TOWNSHIP MINE APPLICATION NOW EXPECTED TO CONTINUE UNTIL LATE SPRING**

Village officials continue to attend Anderson Township Board of Zoning Appeals (ATBZA) hearings regarding a request for a conditional use permit and related variances required to allow Martin Marietta Materials, Inc. to operate a deep limestone mine in the vicinity of Round Bottom Road and Broadwell Road in Anderson Township. These hearings, which have been continuing since August 2008, are now expected to continue until sometime in June of this year.

The most recent meeting was held on March 18, 2009 at 5:30 p.m. Attorneys representing the various opponents to the mine proposal only put one expert on the stand during this meeting. The expert provided testimony on a range of environmental impacts associated with diesel exhaust pollution, pollution associated with blasting operations, and dust pollution. Opponent expert testimony will continue at the Board's 5:30 p.m. meeting on April 2, 2009 with a presentation by an expert on real estate evaluation and the Mayor of the Village of Terrace Park. Additional opponent expert testimony is anticipated at the April 22, 2009 ATBZA meeting. Assuming that the opponent testimony is concluded at this meeting, the May 20<sup>th</sup> meeting will offer the first opportunity for opponent testimony from interested citizens. Any concerned residents are encouraged to attend this meeting which will be held at 5:30 p.m. at the Anderson Center located at 7850 Five Mile Road.

Village officials and our legal counsel will continue to attend the hearings and express our concerns about noise, truck traffic, light pollution, and dust pollution. We will also continue to advise residents about the status of the case and any related Village actions in direct mailings to south Indian Hill neighborhoods, future Bulletin articles, and on the Village webpage: [www.ihill.org](http://www.ihill.org).

Any questions about the current status of the case may be directed to the City Manager's office, 561-6500.

**VILLAGE SELECTS RBC CAPITAL MARKETS CORPORATION AS UNDERWRITER FOR \$6 MILLION IN GENERAL REVENUE BONDS**

The Village of Indian Hill has selected RBC Capital Markets Corporation as the underwriter for the purchase and sale of \$6 million in general obligation bonds to be marketed during the month of May 2009. \$2 million of the proceeds of the sale will be used to fund approximately one-half of the construction costs associated with the expansion and renovation of the Village Administration and Ranger headquarters building. The remaining \$4 million will fund the implementation of Phase 1 of the Water Works system improvements. The Village will be pursuing an upgrade in its current AA+ bond rating to AAA prior to marketing the bonds which will have varying maturities up to a maximum of 20 years.

There has been some interest by residents in purchasing the bonds for their investment portfolios. The Village staff will be providing RBC with the contact information of anyone who has expressed such an interest. Residents may call the Village offices at 561-6500 to be included on a list of persons interested in the investment opportunity. Residents may also contact RBC directly to discuss the investment opportunity. Please contact Lisa Peterson at RBC at 826-0553.

## **BILLPAYER MAKES PAYING YOUR BILLS EASY!**

Paying bills has never been easier! Simply sign up for BillPayer and your bills will be paid on the due date by an electronic transfer of funds. Many of you already have your house payment or insurance payments automatically deducted from your bank account on a specific date each month. Billpayer works in a similar manner by allowing The Village of Indian Hill's bank to deal directly with your bank to automatically pay your Water bill, Alarm bill or Public Works bill for extra pick-ups **ON THE DUE DATE**. Here's how it works.

First, you must call BillPayer (513-534-7744) to sign up. The BillPayer representative will send you enrollment information requesting your bank information and account number. When this information is returned to BillPayer, your bank will receive a copy.

When you are invoiced for any services from the Village of Indian Hill, you will receive an invoice just like you do now. On the bottom of your invoice, there will be a note saying that "No payment is necessary" and indicating that this invoice is just for your records. If your bill looks correct, all you have to do is deduct the amount from your check book and file the paperwork. BillPayer will transfer the funds from your bank account to Indian Hill's bank account on the due date. If there is a problem with your bill, you will need to call the water works office to try to correct the problem prior to the due date. If this is not possible, you can call BillPayer and advise them to hold payment until you authorize them to release it.

The banks know how much money to transfer because we electronically send them the accounts who signed up for BillPayer, the due date and the amount due. They use this information to set up the transfer of funds **ON THE DUE DATE**.

There is a \$.30 fee for each payment made on your behalf, less than the cost of a postage stamp.

It couldn't be much easier. If your life is as busy as most of us these days, this may just be the break you need. No more writing checks to pay your bills. No more late payments or penalties. Payment on time every time! You may be surprised how easy it is.

## **The VAE Celebrates North American Choral Music**

The VAE concludes its 29<sup>th</sup> Season with a program of all North American choral pieces conducted by Brett Scott and Richard Sparks. Highlighting the richness of this continent's modern choral music, the works range from Bernstein's choruses from *The Lark* to Barber's *Reincarnations* and include texts in Latin, French, Spanish as well as English. In addition, we welcome Ursuline Academy and the Cincinnati Children's Chorus for a joint performance of Imant Raminsh *I will sing unto the Lord* and a short program of their own pieces.

The great melting pot of cultures which formed this continent is exemplified in this concert. Sid Robinovitch's *Canciones de los Americas* pays homage to the Spanish influence from America's first immigrants, while the more northern French-Canadians are represented in Lionel Daunais' *Figures de Danse*, a collection of serio-comic tales of dancers and other performers. Traditional gospel blues are sung in Paul Caldwell and Sean Ivory's *John the Revelator* and even pop culture has its day with Paul Crabtree's *Five Romantic Miniatures from The Simpsons*, with texts chosen from the long running Fox Network cartoon.

Both of our guest conductors bring this cultural mélange to life with their passion and experience. Richard Sparks is the Artistic Director and Principal Conductor of *Pro Coro Canada*. He is constantly in demand as a guest conductor, choral lectures, and adjudicator, while being hailed as "one of the Northwest's most gifted and influential practitioners of the choral art" (Melinda Bargreen, *Seattle Times*, 12/04). Brett Scott is currently a professor of choral conducting at CCM, where he received his doctorate. He is very glad to be back in Cincinnati and often lectures on contemporary Canadian choral music. **PERFORMANCE SPECIFICS:**

## **LESLIE SHILS TO PARTICIPATE IN 2009 HALPERT BIENNIAL AT THE TURCHIN CENTER FOR VISUAL ARTS.**

Leslie Shiels has been chosen to participate in the 2009 Halpert Biennial at the Turchin Center for the Visual Arts, Appalachian State University, Boone, North Carolina.

Juror Jeffrey Grove is the Wieland Family Curator of Modern and Contemporary Art at the High Museum of Art in Atlanta, Georgia. Out of 964 competing works, her painting, *Game On*, was one of 64 pieces invited to hang in this year's national competition. The Exhibition runs May 1 to August 29, 2009. A public reception will be held on July 3rd. A gallery tour with juror and artist reception will be held July 19th.

The Indian Hill Historical Society published a book of Leslie Shiels' paintings, [Indian Hill: A Point of View](#), in the fall of 2008.

## Spring Reminders

As we approach the spring, and the warm weather, many people will take the opportunity to enjoy the outdoors by running, walking or riding bikes. The Rangers would like to take this opportunity to remind everyone of some important safety guidelines that should be followed. For the runners and walkers, it is important to run or walk toward traffic, as much as possible. This allows you to see the traffic closest to you and to react as needed for your safety. If a car approaches you and does not give you room, you should stop and move off the side of the road. It is important to remember that the roads are for vehicular traffic and that a pedestrian must yield the right of way. Avoid running in the dark. When you go out, be sure to let someone know where you are running and when you should be expected to return. If you must run in darkness or low light, always wear reflective clothing. The City of Indian Hill requires that any jogger or runner on or alongside any road or bicycle path, to wear reflective material beginning ½ hour before sunset and ½ hour after sunrise. This material must be visible from the front and the back. Such reflective material shall be of a size and characteristic and so maintained as to be visible from all distances within 300 feet to 50 feet. A violation of this can result in a citation and a possible \$90.00 fine.

The Rangers receive numerous calls with regards to bicycle laws and such. The following are the basic answers to many of the questions and concerns presented:

- Every person operating a bicycle upon a roadway shall ride as near to the right side of the roadway as practical, **obeying all traffic rules applicable to vehicles** and exercising due care when passing a standing vehicle or one proceeding in the same direction.
- Persons riding bicycles or motorcycles upon a roadway shall ride not more than **two** abreast in a single lane, except on paths or parts of roadway set aside for the exclusive use of bicycles or motorcycles.
- This section does not require a person operating a bicycle to ride at the edge of the roadway when it is unreasonable or unsafe to do so.

It is important to remember that bicycles are considered vehicles and have the same rights to the road, and with that, they must operate under the same laws as a motor vehicle. It is imperative that both motor vehicle and bicycle operators share the responsibility and travel safely together.

## NEW POLICE DEPARTMENT WEBSITE

**As mentioned last month, the Rangers have opened up a new website for the Police Department. The new website is being designed to offer a flow of information to residents in a timely manner. The website address is [www.ihrangers.org](http://www.ihrangers.org). It can also be accessed through the Village website at [www.ihill.org](http://www.ihill.org). To access the site from the Village, go to "Departments", then "Police". Please keep in mind that this is a work in progress. We are strongly encouraging residents to check out the new site and to offer suggestions for improvements. The Rangers want this site to offer the information that residents want to see. If you have a suggestion, please e-mail to [info@ihrangers.org](mailto:info@ihrangers.org) or feel free to call Ptl. Ramsey at 561-7000.**

### ***Home Security Survey***

Starting this month, I will begin to schedule appointments for the Home Security Surveys. Surveys will begin on April 28<sup>th</sup> and will be conducted between 10:00 AM and 4:00 PM on working days available to Ptl. Ramsey. Other arrangements may be available upon request. This is the third year that this service has been offered on a regular basis. The survey will look at the exterior and interior of the home, doors, windows, security system, and other areas of concern. This will be a one-on-one interaction to answer questions about home security and to offer advice to improve on areas that might need corrected. Appointments generally take 30-60 minutes, depending on questions and concerns. If you are interested in a Home Security Survey, you can phone me at 561-7000 or e-mail at [crimeprevention@ihill.org](mailto:crimeprevention@ihill.org), to schedule a time.

Ptl. Dean Ramsey  
Crime Prevention Officer

### ***Resident Packets***

If you are a new resident, a resident who has never completed a resident packet or a resident whose information may have changed, please stop by the Ranger Station to pick one up. This information is valuable to the Police and Fire Department for alarms or for emergency contact information. Be sure that there is a current key on file as well. For questions, please call the Rangers, 561-7000.

## **Women's Self Defense/Awareness Training**

## 2009 SUMMER RECREATION PROGRAM TO BEGIN JUNE 15

The 2008 Summer Recreation Program at Stephan Field will begin on June 15, 2009 and continue through July 31, 2009. The program will start at 10:00 a.m. each day and end at 3:00 p.m. The recreation program operation will be separate from the tennis camp, which will be operated by the Camargo Racquet Club at the Stephan Field courts. Attendees will enjoy many of the favorite activities from previous years, such as; basketball, baseball, soccer, water day on Fridays and board games/crafts.

As in previous years, a parent or guardian must register each participant the first time they attend. Children must be at least 6 years old by June 16. We will require each participant between the ages of 6-11 years of age to be signed in and out by a parent or baby-sitter. Older participants may sign themselves in and out. The directors will follow-up with the parent of any child who was signed in by a parent but failed to sign out before leaving the park. The children are expected to follow the program rules. Those who do not will be sent home immediately.

Kelly Iles will be the program director again this year. Mrs. Iles is an employee of the Indian Hill Primary School and is familiar with many of the kids who will attend the program. The assistant program director will be Erica Jones other assistants are Jon Eberle and John Blazic. The Indian Hill Recreation Commission offers the Stephan Field program for recreation use only. **IT IS NOT A BABY SITTING SERVICE OR DAY CARE CENTER.** Your cooperation with the program directors is most appreciated.

The program directors are not able to stay at Stephan Field beyond closing and clean-up time (3:15 p.m.). After this time children ages 6-11 will be escorted to the Indian Hill Ranger Station. If you have any questions regarding the program, please contact the Village Offices between the hours of 8:00 a.m. and 5:00 p.m. daily. The office phone is 561-6500.

### Tasia Marie Boggs and Stephen Michael Sprovach Engagement:

**Tasia Marie Boggs and Stephen Michael Sprovach**

William and Teresa Boggs of South Whitley, Indiana are pleased to announce the engagement of their daughter, Tasia Marie to Stephen Michael Sprovach, son of Steve and Ann Sprovach of Indian Hill.

Tasia is a 2004 graduate of Whitko High School and is majoring in Early Childhood Education at the University of Cincinnati. Stephen is a 2002 graduate of Indian Hill High School and received bachelor's degrees in Mechanical Engineering and Economics from Rose-Hulman Institute of Technology. He is currently employed with Toyota Motor Engineering and Manufacturing North America. Following a June 2009 wedding in Cincinnati, the couple will reside in Oakley.

## The Tradition of Home Gardening and the Revolution of Everyday Life! Peter Huttinger, Neighborhood Gardens Coordinator

There are many reasons to grow your own food: culinary, nutritional, environmental, socioeconomic factors, food safety, and security issues. And something I find fascinating is how they all can relate back, in one way or another, to the tradition of the family garden and farm.

Take food safety for example. This past summer, in the wake of the most recent salmonella alert, I received a call from a vegetable gardener wanting to know if it is safe to eat her homegrown tomatoes. I responded with an enthusiastic “Yes, that it is the safest tomato to eat!”

The salmonella alert is connected to more than just ‘...is it safe to eat?,’ but also to financial losses resulting from fruit and vegetables having to be recalled, then destroyed, as well as lost time in regard to farm labor and the cost of transporting produce from grower to supermarket. The situation is complex and entangled and includes environmental and socioeconomic factors as well as food safety and security issues.

Is there a solution to this dilemma? Yes. And in part, the solution is within our family traditions and our own backyard or a vacant neighborhood lot. Along with our mother’s special pie recipes we may also have memories of a grandmother or aunt canning tomatoes grown in their garden or making tart cherry preserves with fruit from the tree in the front yard. It is by returning to these traditional kitchen crafts and to home gardening that we can reacquaint ourselves with our food in a meaningful way and reduce our dependence on energy- dependent, large commercial farms and distribution systems. The phrase “Think Globally, Act Locally” is intrinsic to this line of thinking and action. The slogan was coined by David Bower, founder of Friends of the Earth, in 1969 and is as relevant today as then.

Small modest actions by individuals and families can create big results. A case in point is the “Victory Garden” initiative during World War II. The initiative, championed by First Lady Eleanor Roosevelt, inspired 20 million Americans to garden and produce, by many estimates, up to 40% of the nation’s food supply in their own yards, neighborhood lots and even container gardens on rooftops. This also conserved fuel for the war effort because food produced close to home did not require transport. Keeping that in mind when I look out upon a community garden or my home vegetable plot, I can not help but think this is true “Homeland Security.”

Is this an idealist view of a complex situation? Yes. And it is also an expression of faith in Americans’ capacity to work together toward shared goals. Are there other options? Of course there are... however there is no single “silver bullet” to resolve this multi-faceted quandary we are living. To grow one’s own food is, again today, as much a political act as it is a culinary one. Our food - growing, preserving and preparing it - can once again be meaningful work integrated into our daily life. So join the revolution of everyday life - **GROW A GARDEN.**

## **ROWE ARBORETUM NEWS** **PLANT SALE COMING UP!**

On Saturday April 25 from 9 AM to Noon we will be holding our annual plant sale. All readers of this bulletin are welcome and we hope you invite all your gardening friends and relatives. Come and enjoy spring in the gardens and view the many specimens in our collections. Take some notes and then check out the assortment of horticultural goodies we will have available.

Our plant sale is a small event and many of our offerings are a “one-of-these and one-of-those” kind of affair. You may wish to join the ranks of those who are members that will visit the Arboretum on Members Day Friday April 24. Members are invited to enjoy the Arboretum, have some traditional lemonade and cookies, and get first crack at the plant sale. We welcome all readers to consider joining our growing list of supporters and become a member before this year’s sale. Please call (513)-561-5151 and we’ll be glad to send you a packet of information which includes all the benefits of membership. Thank you for your consideration and support.

### **BACK TREE SERVICE SAVES 3 TREES**

*High Pressure Air injected into the soil  
for better fertilizer uptake.*

*Arborjet Direct Injection of insecticide into tree*

In 2008 three of our specimen ash trees were treated to protect them from the invasion of the Emerald Ash Borer (EAB). Tim Back and members of his crew visited the Arboretum on two separate occasions to donate a full program of treatments to what Mr. Back guarantees as protection from an attack of the EAB.

Three trees were selected because of their importance to the collections as well as to demonstrate the treatment’s effectiveness in 3 different ash species. These trees can be seen in the vicinity of the old gnarly sassafras tree with the stone bench underneath.

The first visit included a spring time soil aeration or vertical mulching program to loosen the soil in the area of the root system. This also included an application of loose aggregate and fertilizer into the access holes. This helped increase the vigor of the trees even more, so that a follow up injection of a 2 year insecticide into the trees will be taken in and distributed throughout the vascular system of the trees.

*Continued on Page 11*

The EAB has been located in Hamilton County for a few years now and one of the locations where it has been found is less than 2 miles from the Arboretum. EAB can spread by as much as a half a mile per year. Ash trees once attacked usually die within 5 years, starting from the top down. The systemic insecticide used here has been proven to be the best, according to many research tests.

The Rowe Arboretum is grateful for this community service project by Back Tree Service. They have promised to return every two years to repeat the treatment as long as the EAB remains a threat.

As for our periodical mention of a "Tree of the Month" we believe that this inclusion of the Fraxinus genus as a whole will suffice. There are many ash species that are native to the U.S. and there have been many others that have been introduced over the last couple of centuries. Many of them are important in wood related industries, such as furniture, crating, baseball bats, not to mention landscaping. All ash trees are susceptible to the invasion and we do hope that you will enjoy them while we can but we are optimistic that a solution will be found soon.

### **A Reminder from the Indian Hill Public Works Department**

There seems to be a little confusion related to the use of "Toter" type containers for garbage collection. While we are in fact using these containers as a pilot program for recycling collection, only the recycling vehicles are outfitted with the specialized equipment required to empty these containers. Our hope is that should this pilot program prove successful, it will allow us to phase in this service for garbage collection sometime in the foreseeable future.

Currently, State insurance standards require garbage cans with no larger than a 32 gallon capacity weighing no more than 50 pounds when full. These restrictions are designed to protect the safety and well being of Village employees responsible for providing trash removal for our homeowners. Please be aware that due to the unique method of service offered by our Department, and the fact that our waste collection vehicles are not equipped with a mechanical dumping device, Village Waste Collection personnel are forced to lift the containers completely over their heads in order to empty them into the smaller trucks that travel in and out of our resident's driveways. The large "Toters" far exceed size and weight restrictions, and are so awkward in design that they are next to impossible to handle, thus creating a hazardous work environment for Public Works Department employees.

In order to eliminate this problem, residents using containers larger than the recommended 32 gallon capacity will need to bag their trash before placing it out for disposal. This allows us to remove the bags one at a time rather than risk injury trying to empty the entire container. In addition, bagging the trash provides the further benefit of helping to control any loose debris that may blow out as our vehicles go from house to house or while dumping in to the large packer out on the street. While we are sorry for any inconvenience, it is imperative that we have the cooperation of home owners in order to guarantee a safe work environment for our employees.

**Special Note:**

While most residents who participate in the Recycling Program are aware of the guidelines related to acceptable materials, it seems that more and more unacceptable items are finding their way in to the recycling bins. Should you have any questions, a list of the appropriate items is available on the Village Website ([www.ihill.org](http://www.ihill.org)) or request a copy of our waste collection brochure by calling the Public Works Department at 831-3712

**BULLETIN INSERTS**

Bulletin inserts are only for village-associated organizations such as churches, scouts, schools, clubs, committees, Historical Society, and Greenacres. They are not for personal or business advertising. Because the printer has to collate all the flyers and insert them by hand, they must be printed on 20 lb. paper. Please send no more than one insert per publication. Also, consider putting in an ad instead of an insert. We can do a page or ½-page ad. The deadline for getting a flyer in the Bulletin is the same as the deadline for articles. We need to receive 2,200 copies of the insert. The cost for putting an insert in the Bulletin is \$90.00. For more information, call Joyce Holder at the Village office at 561-6500 or email [jholder@ihill.org](mailto:jholder@ihill.org)

**JOHN RUTHVEN PAINTING  
LIMITED EDITION PRINT  
AVAILABLE TO PUBLIC**

The Grand Valley property, purchased by the Village, inspired noted wildlife artist John Ruthven to paint a picture entitled “The Great Blue Heron of Grand Valley.” Mr. Ruthven donated the painting to the village to help raise funds to support the Grand Valley preserve area through a print program. The Village has purchased a limited edition of 200 signed and numbered prints that are being sold unframed for \$75.00 each available on a first come first serve basis. The prints can be purchased at the Village Administration office, 6525 Drake Road. Payment for the prints should be made by cash or check, made out to the Village of Indian Hill. Please call 561-6500 for more information or questions.

**DELIVERY NOTICE**

Bulletin readers and advertisers are advised that the Bulletin is delivered via bulk mail, which may be subject to delays. The Village cannot assume responsibility for the delivery of time sensitive material

**NATIONAL DAY OF PRAYER**

**MAY 7, 2009 - 7:30 A.M.**

**AT THE STEPHAN FIELD PARK  
BICENTENIAL MEMORIAL**

All are invited to attend the observance of the National Day of Prayer. The event this year will be held in Indian Hill at the Stephan Field Bicentennial Memorial. The City of Madeira and the Village of Indian Hill will join together on Thursday, May 7, 2009 at 7:30 A.M. for this event. The program usually runs 35-40 minutes

**DOGS ON LEASH AT GRAND VALLEY**

The management at Grand Valley Preserve is requesting cooperation from all visitors of the Preserve. It is mandatory that all dogs be kept on a leash during the bird-nesting season. The Preserve not only has numerous species of waterfowl nesting, but also has woodcocks, Killdeers, and the rare Cricket Frogs that nest on the shoreline. Visitors will be given one warning. On the second violation, they will be requested to leave the Preserve. The leash restriction will be in effect from March 15 through June 30. A major part of the mission statement at Grand Valley is to protect the wildlife and the environment by maintaining low impact activities at the Preserve. While all other nature preserves require dogs to be leashed at all times, the staff at Grand Valley understands the desire to allow dogs to run free, but remember dogs must be under control. Please help the wildlife and honor this regulation.

**INDIAN HILL PHONE DIRECTORY**

Time to start thinking about a new Indian Hill Phone Directory. The new Directory will be printed in the early summer of 2010.

Please check your directory listing for correct spelling and phone number. If you are new to the Village and are not listed in the 2008-2009 Directory please send your name, address, and phone # to the address below. Also, let us know if you would like both husband and wife's name listed and/or children's phone number.

Send all corrections or additions for the directory to Joyce R. Holder c/o Village of Indian Hill, 6525 Drake Rd. 45243 or email to [jholder@ihill.org](mailto:jholder@ihill.org)

## Fire Hydrant Flushing

Each spring, the Indian Hill Water Works in conjunction with the Madeira/Indian Hill Fire Department conduct the annual fire hydrant flushing program. The flushing program is very important in maintaining the operation of our water system. Hydrant flushing enhances water quality by removing sediment from the water mains, verifies proper operation of the hydrants and ensures firefighting capability.

If you see a crew flushing a hydrant on your street, avoid running tap water and using the washing machine or dishwasher until the flushing process is complete. In addition, please treat this like any other work zone and drive carefully when encountering one of our work crews.

This year our flushing program will begin on April 13 and will continue for six weeks. Water Works crews will be posting signs at intersections to inform residents of flushing in their area.

### Hydrant Flushing Purposes

- Verifies that fire hydrants are working properly.
- Flushes sediment from water mains.
- Checks for closed valves and weak flows in our water system.
- Verifies fire flows.
- Improves water quality.

### Helpful Hints During Hydrant Flushing

- There may be a temporary drop in water pressure.
- Water may become rusty or cloudy. **Discolored water is not harmful.** This discolored water will clear up within a few hours.
- Avoid washing laundry during scheduled flushing times. Wait until cold water runs clear at the tap, then wash a load of dark clothes first.
- If pressure or volume seems low, check your faucet screens for trapped particles.
- Avoid running hot water until cold water tap runs clear. If hot water is discolored after cold water tap is clear, run hot water tap to allow hot water tank to clear. Hot water tanks can hold discolored water for some time after the cold water runs clear.

### Hydrant Flushing Frequently Asked Questions

### Why Is Hydrant Flushing Necessary?

Hydrant flushing enhances water quality by flushing sediment from the water mains. Flushing also verifies the proper operation of hydrants and maintains firefighting capability.

### What Should I Do After Hydrant Flushing?

- If tap water is used during flushing, it could come out full of sediment that causes discoloration. If you encounter discolored water, shut the water off and wait a several minutes. After waiting, check the clarity by running cold water for a few minutes allowing new water to work its way into your pipes. If the water is clear it is OK to use. If not; wait a few minutes and check again. In some cases, there may be a slight discoloration for a few hours. This discoloration only affects the appearance of the water; it does not affect the water quality.

- Avoid washing laundry during scheduled flushing times. Wait until the cold water runs clear at the tap, then wash a load of dark clothes first.

- If pressure or volume seems low, check your faucet screens for trapped particles.

### Why Does My Water Look Funny After Hydrant Flushing?

When a hydrant is opened, there will be incidences of discolored water while fine sediment particles are flushed out. There is **no health hazard** associated with the discolored water. Allow a few hours for discoloration to dissipate. To verify water is clear, run your cold water for a few minutes.

### Who Do I Call If My Water Just Won't Clear Up?

If discolored water persists for more than a few hours, please contact the billing office at 561-6679.

**THE JOHN L. MAGRO FOUNDATION  
"TUNES & TULIPS" COCKTAIL RECEPTION**

Will be held this year on Saturday, April 25th from 5-7 pm at the Mt. Adams home of author, Stephen Birmingham & Dr. Edward Lahniers. This fun-filled evening of libations, scrumptious hors d'oeuvres and outstanding entertainment performed by accomplished CCM students, provides funding for scholarships in the musical arts, which was the vision of John Magro.

The John L. Magro Foundation, a non-profit organization, was established to promote college-aged performers and award such scholarships on the basis of teacher recommendations and financial need. Once selected, the foundation continues to support scholarship recipients throughout their studies as long as they remain in good standing with the university and permitting the foundation is able to do so. We are proud to say that many of our talented performers go on to leading roles in the opera & musical theatre world.

For reservations or additional information on the event, please contact Helene Bentley at

**Indian Hill After Prom Needs Your Help**

Indian Hill After Prom 2009 needs your help! Special drawings for prizes are a major incentive to keep our teens safe all night the evening of the high school prom. After Prom 2009 is in need of tickets to the Reds, Bengals, Riverbend, any other local entertainment, or gift certificates to stores, restaurants, Kenwood Towne Centre or gas stations, coffee shops, personal care, etc that can be used for the drawings. If you have tickets you know you will not be using for whatever reason, After Prom would be happy to take them off your hands!! During the After Prom party on May 17, drawings for prizes will be a big event for the students in attendance. In addition to tickets, we would love to have some gift certificates or merchandise to use for our prizes. Many local merchants have already made generous donations to our After Prom. However, since there will be hundreds of students attending, the After Prom Committee needs to have as many prizes as possible. If you have anything to donate, please call or send your donation directly to Laura Sharp, P.O. Box 43204, Cincinnati, OH 45243 or call/email Laura at 403-9231, [lauramariessharp@gmail.com](mailto:lauramariessharp@gmail.com).

**Thank you in advance for your help  
in keeping our teens safe on Prom Night.**

**Indian Hill High School Mock Trial Team  
Wins State Championship**

Indian Hill High School is pleased to announce that our Mock Trial team won the 2009 Mock Trial State Championship on Saturday in Columbus. The Indian Hill winning team, coached by Mr. Stephen Reger, won five matches, defeating the three past State Champions (Oak Hills, Lake Ridge Academy, and Arch Bishop Hoban.) Indian Hill's team is now the only undefeated team in the State and is beginning preparations for their first appearance in the National Championship tournament.

Indian Hill had two teams qualify for the State Championship tournament. For the third time in four years, both of the Indian

Hill teams progressed to the quarter final round. This places Indian Hill's teams in the top 2% of the State. The season began with over 400 teams statewide.

Every member of the winning team won an individual award in the tournament. No State Champion has ever done this before. As a result, the Indian Hill team swept all ten awards. Those awards went to:

**Hannah Conn** and **Sonam Jindal** each won an Outstanding Witness award, **Danny Strunk** won the Outstanding Attorney award in the State Finals, **Divya Taneja** won two Outstanding Attorney awards, **Asif Rahman** won two Outstanding Witness awards - including one in the State Finals, and tournament MVP **Elaine Baynham** won two Outstanding Attorney awards and one Outstanding witness award.

Mrs. Nancy Striebich, Indian Hill High School Principal, said "The experience of participating in Mock Trial gives our students a way to utilize their knowledge, energy and natural talent in a real world setting. I am proud of Mr. Reger and each of the students for the success they have achieved this year. Congratulations to all of the students that participate in our Mock Trial program."

**Indian Hill High School Student Wins  
Overture Scholarship Award for Vocal Music**

Indian Hill High School is pleased to announce that Sarah Mossman, Indian Hill High School senior, won the Overture Awards Scholarship Competition finals at the Aronoff Center for the Arts. The Overture Awards competition is the region's largest solo arts competition for students in grades 9 - 12. Each school is permitted to send 12 students who represent any of the following disciplines: Creative Writing, Dance, Instrumental Music, Theater, Visual Art, and Vocal Music. Students compete for six \$2,500 scholarships (one for each discipline). Out of the hundreds of students who entered the competition from the Tri-state area, the judges narrowed the competition down to 22 semi-finalists in the vocal category. For the finals this past Saturday, it was narrowed down to 4 competitors in each discipline.

Mrs. Deborah Centers, Vocal Music Teacher, said "Sarah Mossman was heads above the other singers. She was fantastic! Sarah has a great career in front of her!"

### TURNER FARM OPEN HOUSE SATURDAY APRIL 11

Turner Farm will have an open house on Saturday morning, April 11, from 9:30-12:30. Activities will include watching the shearing of the sheep, washing and carding wool, demonstrations of felting and carving wooden items for use with wool. A puppet show featuring hand-felted puppets will be presented at 11:00, by the 7th grade students from the Cincinnati Waldorf School. This event is being coordinated with CWS. There will be opportunities to sign up for felting and woodworking classes for those interested. Check out the baby chicks and other animals while you are here.

#### Upcoming workshops include:

**Wool Felting** Make a small animal using wool from the farm on Saturday, April 25. This will be a morning class. Call the farm for more information or check out the website. Advanced registration is required.

**Bowl-making** Carve a wooden bowl using wood from the farm. This workshop meets on April 17 in the evening and April 18 during the morning and afternoon. Call the farm for more information or check out the website. Advanced registration is required.

**Raising Chickens in your Backyard** Learn the basics of caring for chickens for egg production at the small scale level. This class meets on April 23,

from 6-8 pm. The cost is \$12.

#### Volunteer Opportunities include:

**Volunteer to Help Make Shave Horses** This is an all day opportunity on May 2 to contribute to our woodworking program. Come for all or part of the day. Any help will gratefully be accepted. **Garden Volunteering** Community volunteer times include the first Tuesday morning of the month and the third Saturday morning of the month. All are welcome.

Our website is [www.turnerfarm.org](http://www.turnerfarm.org). You can reach us at [turnerfarm@zoomtown.com](mailto:turnerfarm@zoomtown.com) or call 561-7400.

Fourteen Cincinnati Country Day School Upper School students recently traveled to Raymond Walters College in Blue Ash to compete in the 2009 Cincinnati Regional Science Olympiad competition. In an Olympic-style format consisting of 23 separate events, the students faced a variety of scientific and engineering challenges including building and testing a functional catapult, performing a complicated acid-base titration, and correctly identifying rare amphibian species.

Competing against 21 other area high schools (most of whom were significantly larger in size than CCDS), the CCDS team garnered medals in 13 events, placed second overall and qualified for the State competition in April. Every member of the team medaled in at least one event, with several team members receiving multiple medals.

CCDS was the only school in the region with a high school enrollment under 1300 to advance to State. The students' accomplishments speak not only to their own dedication and talents, but also to the strength of the CCDS curriculum (both science and non-science) and the quality of teaching.

#### The complete list of CCDS Award Winners:

**Indian Hill Residents Recycled 810 Tons in 2008!**

Congratulations Indian Hill residents! In 2008, you recycled 810 tons of metal, glass, plastic, and paper. Indian Hill recycled 94 more tons in 2008 than in 2007! Residents saved resources, conserved energy, and reduced pollution by recycling.

The recycling efforts in Indian Hill:

- Saved 6,982 trees
- Conserved enough energy to power 141 average homes for an entire year
- Avoided the need for 21 tons of iron ore, limestone, and coal
- Reduced greenhouse gases equivalent to removing 548 cars from the road for a year

Recycling reduces pollution so the air we breathe is cleaner, conserves natural resources so we will have them to use in the future, and decreases the energy needed to make new products. Recycling also boosts our local economy by creating 169,000 jobs and \$6 billion in annual wages just in the State of Ohio.

On average, each household in Indian Hill recycled 784 pounds in 2008. That's 22.73% of all the waste you generate. If you would like to see even more material recycled in 2009, check out the list below to make sure you include all these materials in your recycling bin. Don't have a bin? Indian Hill makes it easy! Call 831-3712 to request your bin today!

Good Work, Indian Hill, your recycling efforts made a big difference!

**Recyclable Materials**

- Plastic bottles and jugs (remove lids)
- Glass bottles and jars (remove lids)
- Empty aerosol cans (remove lids and tips)
- Aluminum and steel cans
- Paperboard (cereal boxes, etc.)
- Junk mail and envelopes
- Magazines, catalogs, and phone books
- Newspapers
- Cardboard
- Office Paper
- Brown grocery bags

Have a question about recycling? Call Hamilton County's Recycling Hotline at 946-7766 or visit [www.hamiltoncountvrecvcles.org](http://www.hamiltoncountvrecvcles.org).

**Five Partners at The Drew Law Firm Named  
to Annual List of Outstanding Lawyers**

Five partners with The Drew Law Firm have been recognized for their outstanding legal work and named to prestigious lists in 2009 Ohio "Super Lawyers". The Drew Law Firm partners - Frederic Goeddel, Eric Holzappel and Michael McNeil – have been named 2009 "Super Lawyers". Anthony Covatta Jr., The Drew Law Firm partner has been named to the "Super Lawyers, Corporate Counsel Edition" for 2009, and Robert Smyth, The Drew Law Firm partner, has been recognized as a "Rising Star" by the 2009 "Super Lawyers" list.

The 2009 "Super Lawyers" list was published in the January 2009 issues of *Cincinnati Magazine*, *Ohio Super Lawyers* and *Northern Ohio Live* magazine, honoring attorneys who have attained a high degree of peer recognition and professional achievement.

"It is a pleasure for us to be included on this credible, comprehensive and diverse listing of superior attorneys in Ohio," said Mr. Goeddel. "This is an honor for the entire firm, as it distinguishes the fine legal work to which The Drew Law Firm has been committed for half a century."

Mr. Goeddel's particular area of concentration is family law, including divorces, dissolutions, property division, support and alimony issues, and custody and visitation matters. He is a trained collaborative lawyer and offers mediation services.

Mr. Goeddel also practices in other forms of civil litigation, estate planning and probate. This is the sixth year he has been named to the "Super Lawyers" list.

This is the third year for the honor for Mr. Holzappel, who practices in the areas of business litigation, employment law, contracts and construction law.

Mr. McNeil is being named to the list for the first time. He practices in general civil litigation, as well as domestic relations and probate litigation. He also is a trained collaborative family lawyer.

The "Super Lawyers" were chosen following a multi-layered selection process that included statewide nominations, peer review in practice areas and independent research on candidates. Only five percent of lawyers in Ohio are named "Super Lawyers".

The survey, research and selection annually are performed by *Law & Politics*, a division of Key Professional Media Inc. The entire list can be viewed on-line at [www.SuperLawyers.com](http://www.SuperLawyers.com).

The objective of the "Super Lawyers" selection process is to create a list of outstanding attorneys as a resource to assist attorneys and consumers searching for legal counsel.

**Super Lawyers, Corporate Counsel**

The Drew Law Firm partner Anthony Covatta Jr. has received the honor of being named to the "Super Lawyers, Corporate Counsel Edition" for 2009.

This special achievement is bestowed on attorneys who were recognized as "Super Lawyers" in 2008 and practice in business-related areas. This is the first year for this honor. Mr. Covatta is one of only 22 attorneys in the Greater Cincinnati region to receive this prestigious designation.

Mr. Covatta practices in corporate law, labor and

employment law, general litigation, franchising and real estate law. He has extensive experience in mergers and acquisitions and share issuances. He represents several large medical groups in the area and closely-held businesses and serves as local counsel for a number of national and multi-national companies. Mr. Covatta has been named to the “Super Lawyers” list for four years.

**Rising Stars**

Named to the 2009 list of “Rising Stars” is The Drew Law Firm partner Robert Smyth. This list of Ohio’s top up-and-coming attorneys honors those who have been practicing for less than 10 years or who are 40 years of age and younger.

Mr. Smyth practices at The Drew Law Firm in the areas of civil litigation, commercial litigation, labor and employment law, probate and estate planning, and general representation of individuals and closely-held businesses.

Previously, he was named to the “Rising Stars” list in 2005 through 2007. The “Rising Stars” distinction was developed to recognize young lawyers who may not be as well known in the state.

**Flip Your Lid for Country Day is a big hit!**

**Flip Your Lid for Country Day** was a great success! Over 300 guests attended, wearing fun hats and wigs to coincide with this year’s theme. Everyone agreed it was a tremendous party, thanks in large part to the co-chairs, Wendy Bader (Indian Hill), Tresonne Peters (Forest Park), and Linda Pruis (Indian Hill).

The evening was a fun community event filled with a delicious assortment of food catered by Sage Dining, entertaining music featuring Second Wind, and exciting silent and live auction items including trips, Broadway shows, tickets to sporting events and more.

The parent, alumni, faculty, and staff volunteers at CCDS have worked for several months to make the event a memorable evening. It was a lighthearted, community building FUNdraiser that was enjoyed by all who attended.

### Junk From Your Trunk Sale

The Indian Hill Church has renamed the Ole' English Car Boot Sale - **Junk From Your Trunk Sale!** Since the English don't have many garages, their garage sales occur in cars, gathered in an open lot, with trunks, stuffed with items their homes no longer need. Likewise, on **Saturday, May 30, from 9 A.M. - 2 P.M., The Indian Hill Church parking lot, 6000 Drake Road,** will replicate this sea of cars. Each person who has reserved one of the 80 available car spaces will be selling their life's treasures to interested shoppers who are looking for a deal. The donation needed to reserve a space for your car is \$25; this must be arranged by May 15 on a first come, first served basis until all spots are filled. Of course, there will be a **Tea Tent** and other concessions to help fortify shoppers and prolong the fun! The proceeds for this unbelievable event will go to the church's youth program.

So reserve your space to sell your treasures by going to the bottom of the Indian Hill Church website home page, [www.indianhillchurch.org](http://www.indianhillchurch.org), for a registration form to complete and send to the church. If you have additional questions call Susie Myers at 891-7730, [sgm630@aol.com](mailto:sgm630@aol.com); Ellen Sole, [EPSOLE@fuse.net](mailto:EPSOLE@fuse.net); or Michelle Van Oudenallen at 561-6805, ext. 306, [IHYOUTHDIRECTOR@gmail.com](mailto:IHYOUTHDIRECTOR@gmail.com), and load up your car or van with all of those spring cleaning gems to sell on May 30 with set up beginning at 8 A.M. The rain date is Sunday, May 31 from 1 – 4 P.M. with set up beginning at noon. **To All Shoppers – Mark your calendar for May 30 for a fun filled Saturday!!!**

**SATURDAY  
MAY 30, 2009  
9:00am- 2:00pm  
AT I. H. CHURCH  
PARKING LOT  
6000 DRAKE ROAD**

*Getting ready for the "Junk From Your Trunk" sale are from Left to Right: Grant Gottdiner, Natalie Thorsen, Sarah Lowe Back: Andrew Thorsen, Emma Lowe, Michael Thorsen, Kaitlyn Gottdiner, and Michele Van Oudenallen, Youth Director*

**Learn How to Write a Small Business Plan @ Your Public Library**

*SCORE Partners with Public Library to offer Series of Free Workshops in April*

SCORE, America's Counselors to Small Business, has teamed up for the sixth consecutive year with the Information & Reference Department of the Main Library (800 Vine Street) to offer the program *Your Business—It Starts with a Plan* for new and prospective business owners. This three-part series of instructional workshops focused on writing business plans will take place in the Huenefeld Tower Room (3<sup>rd</sup> Floor) on Saturdays, April 11, 18, & 25, from 9:30 a.m.-1:00 p.m.

Guest speakers from various fields in the business world will give an insiders' take on organizational and legal structure, marketing and financial plans, and effectively managing a small business. In addition, the Public Library's subject specialists will demonstrate how to use the Library's resources to support small business development.

There is no charge for attending the workshops and those present receive a workbook including the highlights and notes from each session and a "Certificate of Achievement" for completing the program. Due to the popularity of these workshops advanced registration is required. To reserve

your place, or to get additional information, call the Main Library's Information & Reference Department at (513) 369-6900.

**VOLUNTEER NEEDED TO HELP WITH THE 2009 JULY 4TH PARADE AND PARK ACTIVITIES**

Karen Troja has chaired the committee for the Village July 4 parade and Stephan field activities since 1994; and has decided to step down after 15 years. Anita Minturn has co-chaired with Karen since 1996 and Terri Quinn has worked with them the last three years. This has been a GREAT team that have worked so well together. The Village is looking for someone or more than one person to help us with the parade and activities this year who would also be interested in taking over the leadership position next year. If you are interested in doing this please call Joyce Holder at the Village office 561-6500 or email [jholder@ihill.org](mailto:jholder@ihill.org)

## Remembering Peter Grant

Peter Grant was Cincinnati's pre-eminent broadcast journalist for 35 years. Though he resided in Silverton, he spent much of his leisure time in Indian Hill where he had many friends and exhibited his equestrian skills.

Born Melvin Meredith Maginn in 1906, he took the professional name of Peter Grant. He was the son and grandson of St. Louis lawyers and studied law at Washington University where he got a Bachelor of Law degree in 1930. Previous jobs included being a bus driver and a tree surgeon for St. Louis parks. He auditioned for radio station KMOX, where he accepted a position. After two years in St. Louis, in 1932 he moved to Cincinnati, where he was hired by WLW.

WLW-AM was *The Nation's Station*. By the late 1920s, it was a 50,000 watt clear channel station at 700 on the dial. WLW was 10 years old and Peter Grant was 26 when he became a staff announcer. One of the station's most memorable programs was "Moon River", a late night show of organ music and romantic poetry that was well known from coast to coast. The show was not based on the river written about by Henry Mancini. It was created by a WLW writer inspired by moonlight memories on the Ohio River. The organ played "Caprice Viennoise" and the narrator crooned the introduction, "Down the valley of a thousand yesterdays flow the bright waters of Moon River..." Grant hosted the show for years.

By 1935 Peter Grant was the chief announcer for WLW and WSAI. Before World War II broke out, he was given a temporary occupational deferment by his draft board as a "necessary man" in his career, but in 1942, he was inducted and went into the U.S. Army as a private. Four years later, he came out with the rank of major. In 1948, Grant made the transition to television easily. His TV image was popular, and it blended his professionalism, personality, and polished baritone delivery.

A tall, genial man, Grant spoke with smooth, modulated, almost British diction. As a lifelong bachelor, he lived with his mother, Anna Maginn, to whom he was devoted. She died in 1977. At their home, he filled in the swimming pool with dirt and planted a rose garden in it. He did his own tree trimming and kept many bird feeders. He boarded horses at various locations in Indian Hill including Camargo Stables and Lola Bonnell's barn. Two of his mounts were named Roger and Eisenhower. He foxhunted throughout Indian Hill and as a member of the Camargo Hunt participated in shows and social events. One of his best friends was fellow huntsman James Rheinstrom, who donated Rheinstrom Park to the Village. To relax, Grant read books. He kept informed about national issues through nonfiction, but favored British writers; and his favorite author was Charles Dickens.

His career was demanding. Besides anchoring two versions of the evening television news, he continued twice daily with radio announcing. Several mornings a week, he appeared on the Ruth Lyons 50 -50 Show, and on occasion he worked as a news panelist. Grant worked at WLW/WLWT for 33 years, seven days a week before he got Saturdays off. After 35 years on the job, he retired in 1968. He now had the time to pursue leisure activities, like riding horses or bicycling.

Peter Grant died in 1990 at age 83. The legendary broadcaster was a Cincinnati mainstay and an esteemed journalist. An anchorman who enjoyed riding to the hounds in Indian Hill, he was a pioneer in gaining public respect for newscasting as a dependable source of information.

# THE INDIAN HILL HISTORICAL SOCIETY

## ARCHITECTURE PROGRAM

### *-Georgian & Federal-*

While the area that would today be the Village of Indian Hill was being settled in 1795, King George III of England was assuming his role as successor to his father, King George II. The grandeur of the reigns of the Georges was reflected in new styles of dress, home furnishings and architecture. It was a few years later that the Georgian architecture style filtered to the United States.

In March, the Indian Hill Historical Society offered its members and guests an educational program about Georgian and Federal architecture – the history, characteristics and the adaptation of these two styles as seen in the homes of Indian Hill Village. Accomplished architects, Shannon and Brad Roush, took guests on a Powerpoint virtual tour of Village houses dating from the 1930's to the present. They explained the characteristics of the Georgian design in homes like Peterloon, the lovely John J. Emery estate, designed by William Delano, and completed in 1930.

**PETERLOON**

They noted that while Georgian style homes are plentiful, there are fewer examples of houses incorporating the more simple Federal design in the Village.

Historical Society President, Barbara Hauck, invited guests to attend the next program to be held April 19. The meeting will highlight both the history and accomplishments of the Society – a celebration of 35 years of service to the Indian Hill community!
