

MEMBERSHIP INFORMATION

The Rowe Arboretum is a treasure made possible by the generosity of Stanley and Dorothy Rowe. Its rolling acres are home to an evolving collection of plants, shrubs and trees identified by botanical and common name. The Arboretum is recognized as an official Conifer Reference Garden by the American Conifer Society. It provides a lovely network of paths for comfortable enjoyment of the beautiful and peaceful gardens. Additionally, the arboretum is a resource for homeowners looking to discover which plants grow well in our area, serves as a laboratory for study by horticultural enthusiasts and watchers of wildlife.

While the Arboretum has an endowment, it is not sufficient to provide all the funds necessary for maintenance and the addition of new specimens. We rely heavily on the generosity of members, visitors, and donors and we wish to express our appreciation by providing you some special benefits.

MEMBER BENEFITS:

Members Day: Members are invited to have first pick of the many unique plants offered at our annual plant sale. **Free Seedling:** Each member on this day also receives a free seedling grown from an arboretum specimen.

Newsletter: Members receive regular updates on activities around the grounds, new plantings and gardening hints.

Resource: Our horticulturist is happy to provide answers to gardening questions, and provide programs for garden clubs.

The Arboretum is open seven days a week from dawn until dusk for your enjoyment. We hope you will visit often, bring a friend or tell a neighbor.

Thank you for your support!
